

Fruit-tree grafting workshop

Grow your own apple tree

Saturday March 9th 2024

14:00 – 17:00.

At Warmington Village Hall, Warmington, near Oundle PE8 6TE

This free practical workshop will describe the basic principles of grafting, followed by a series of demonstrations and plenty of hands on practice. Leave with your own new fruit tree. Light refreshments will be provided.

Led by: Adam Cade and Gareth Powell

Topics covered include:

- ✦ Propagating fruit trees
- ✦ Fruit-tree buds and growth
- ✦ Rootstocks and scionwood
- ✦ Methods of grafting
- ✦ Timing and aftercare
- ✦ Tools and their safe use
- ✦ Other guides and online advice

North Northamptonshire Council have recently received Government funding to enable communities and schools to plant, manage and use up to 30 new or extended community orchards. They are working in partnership with Stamford Community Orchard Group to enable communities and schools to plant fruit trees on publicly accessible land and to keep our beautiful, bountiful and biodiverse orchards alive and productive in North Northamptonshire.
